

AIRBUS A320 FAMILY FLIGHT ADVENTURE

PILOT NOTES – ISSUE 130

(<https://www.key.aero/pcpilot>)

Even in these times of restricted air travel, chances are that if you glance skyward, you will see a member of the Airbus A320 family flying overhead. With this ubiquitous aircraft family now holding the crown as the world's most popular aircraft, we take a closer look at its rise as we fly some typical routes.....

OPTIONAL FLIGHTS

- There are hundreds of options by flying routes from some of the world's larger A320 family operators:
 - EasyJet fly to over 130 destinations across Europe, so there are enough routes there to keep you very busy!
 - The major US airline operating A320's is American (merged with US Airways in 2015)
 - Air Asia principally operate the larger A321 and are based in Kuala Lumpur
 - Or if you want to fly on the sub continent, try Indian operator Indigo
